Delaware Proposals

MDL 3047 – 2024-12-09 Agency Discovery JLB
Delaware – Meta Proposal

Search Terms: Meta made its most recent counterproposal on December 5, 2024 to the Delaware (i) Office of the Governor ("OGOV"), (ii) Department of Education ("DOE"), and (iii) Department of Services for Children, Youth, and Families ("DSCYF"). Meta has agreed for the time being and with reservation of rights to deprioritize Delaware's Office of Management and Budget and Department of Health and Human Services.

At a high level, Meta's proposal involves using search combinations that require either "Social Media Terms" or substantive "Harm Terms" to occur together with an "AND" or "within 50" connectors (for DOE and DSCYF) or "within 25" (for OGOV) of one of the following "Youth Terms":

In addition, with respect to Delaware's OGOV, Meta proposed that the "Social Media" terms be run "within 25" (for OGOV only) against the "Harm Terms" and that OGOV also run the very limited and narrow terms it proposed on November 1, 2024.

MDL 3047 – 2024-12-09 Agency Discovery JLB
Delaware – Meta Proposal

Custodians: Meta proposes that the above search terms be run on each agency's custodial documents (including email and other custodial data sources), and relevant non-custodial data sources, that cover the entire period from January 1, 2012 to April 1, 2024, which encompasses the same time period from which Plaintiffs seek discovery, and have plead as the "Relevant Time[]" in Plaintiffs' Complaint. *See* ECF No. 969; MDL Compl. ¶ 19 (alleging a "Relevant Time[]" that starts "no later than 2012").

Meta proposes that the search terms set forth above should be run against at least the custodians listed below. Custodians designated with an asterisk (*) have been affirmatively proposed and agreed to by Delaware during the course of the Parties' negotiations. To the extent that the custodians below do not cover the relevant time period or all relevant topics for each agency, the State and/or agency should propose additional custodians to Meta, and Meta reserves the right to select additional custodians.
